

Dreams 2 Live 4 is a committee of the Prince of Wales Hospital Foundation. Our mission is to provide an opportunity for people with metastatic, secondary or advanced cancer to identify and realise their dreams, thus giving them goals on which to focus and helping them to live a positive and healthy life.

Doctors and professors of the Prince of Wales Hospital refer and nominate patients to the Dreams 2 Live 4 committee. Once the dream is identified and approved, the committee will endeavour to source and provide the components to realise each dream.

**The future belongs to those who believe in the beauty of their dreams.**
